Pi-Hole

Pi-Hole

Block Ads with a Pi-Hole on your ZeroTier network

Install ZeroTier

Install Pi-Hole

```
curl -sSL https://install.pi-hole.net | bash
```

INFO

Go here for more installation instructions: <https://docs.pi-hole.net/main/basic-install/>

When prompted, select the ZeroTier interface

CAUTION

If you are running your Pi-Hole in the cloud there are important additional steps needed to properly secure it and prevent it from being used as part of a bot net

Hardening your Pi-Hole

Make web interface only reachable over ZeroTier

Handle DNS requests only from the ZeroTier network
